2018 Points Payout Awarded to Drivers at Year End Banquet

(Drivers must be present to receive Point Fund; otherwise prizes will be mailed to you at a much later date)

Points earned as follows: 30 points attendance 10 points per round win
#1 QUALIFIERS IN R.T. QUALIFIED CLASSES (Sleds/Bikes, Juniors) will receive a 5-point bonus.

- Each class must have a winner, no ties for first place. If there is a tie for first place, the driver with the most 1st place wins will be chosen champion. If a tie still remains, we will go to 2nd place finishes, 3rds, 4ths, etc. until a winner is evident. All other ties will split.
- Each driver in the points will be entitled to three waiver weeks. They will be given automatically if you are not here. You do not need to contact the track to get your waiver points. IF YOU ARE HERE BUT NOT PRESENT IN FIRST ROUND, YOU ARE RESPONSIBLE FOR NOTIFYING TOWER TO BE ELIGIBLE FOR ATTENDANCE POINTS ON THAT DAY.
- **Buybacks will be called to the lanes in the beginning of second round (on nights that time allows)-Top, Mod, Bikes & Sleds and Street. You can pay the \$25 (Top) \$20 (MOD) \$15 (Street) in the lanes. Winning second round gets you into third round. We will make every effort to run the buybacks against themselves. *Buyback round wins do not receive points and buyback wins do not count for tiebreakers.***
- All drivers registered in LD Points Program must display LD, IHRA, and the Summit Series decals on both sides of vehicle.
- Points start the day you join and will be awarded to driver, not car.
- You may only transfer attendance points, NOT ROUND POINTS.
- If the first round of any class is finished, that class will receive points. The entire class must be finished in order to collect round points. Once time trials have concluded and eliminations begin, attendance points will be awarded for all classes.
- Points will be posted weekly in the Pit Notes, in the tower, and on the web site. If your calculations are different, let Sharon know ASAP. It is your responsibility to check the points weekly and to show when and where the error occurred. We will not back track to adjust points.
- No adjustments will be made after 10/1/18
- Bye runs will be awarded to the best reaction time from the round before (in Top, Mod, Street). If you qualify for the bye run, you must pull over. If there is an even number of cars you will be given lane choice. Driver may only earn one (1) bye run per event unless all remaining cars had a bye run (until put on ladder). 1ST round byes will be chosen from best RT during 2nd TT. Late time trials do not qualify.
- Top and Mod will go on a ladder when we get down to 8 cars. Winners from previous round qualify by their reaction time. Better qualifier gets lane choice. **We will then follow the ladder for the last 3 rounds.** Ladders will be posted on tower and in Facebook LD Friday Night Racers group.
- **NEW FOR 2018! If the final can't be run for curfew or weather reasons, we will run it the following Friday (second time trial) if both racers are there. If not, they will split. They can agree to split the purse either way but that extra point/win may make all the difference at the end of the season!**

TEAM DRIVERS

- You must specify who the primary driver will be. If your co-driver wishes to race in your place at the bracket finals, the person must have driven 50% of the time. All team drivers must be registered by 6/08/18.
- **TEAM DRIVERS:** If the primary driver is in the Summit Super Series and is issued 2X22, and the secondary driver runs points for the night, please change your "X" to an "A" – so the team driver would then for example run 2A22.
- **If you are not in the Summit Super Series, use the registered team number PLUS an A so your info will come up correctly on the announcer's screen.** Example: #1167, team driver 1167A. If you want to use YOUR SSS number, notify Sharon that you are running the points and put a P after your number.
- Team number must be on the car prior to eliminations or prior to qualifying if a ladder class. (exception only due to breakage) If your car number does not match your ET ticket, you must notify tower immediately. **Only one number must be visible to the tower** (cross out any others)

TECH

- Fill out tech card completely and neatly. You must sign the tech card if you are driving, including time trials, and if you are driving a different car.
- All drivers need to present a valid driver's license and an IHRA competition license (if necessary) when you report to tech.
- Prior to time trials, all cars must have received a pre-tech decal by passing a technical inspection. If you have a 2018 pre-tech decal on your vehicle you may report to the staging lanes with your completed tech card. If you have not been pre-teched for 2018, you must report to tech **EVERY WEEK**. If you do not report to tech and you run a time trial you will forfeit the event. Do not come to the lanes without your completed tech card!
- If you come after tech closes, you must contact an official to be inspected BEFORE you go down the track.
- You must finish eliminator in the same car as you begin. A driver may only compete in two classes per event unless permission is granted. It is the driver's responsibility to be in the lanes when their class runs. **IF YOU ARE NOT RETURNING FOR NEXT ROUND, PLEASE NOTIFY US ASAP!**
- If your regular racecar breaks before eliminations start in your class, you may run another car. It must be teched and have the correct car number on it. You may race in another class and transfer attendance points (not round points). Please be sure to let the tower know of the change.
- If your car DOES NOT CROSS THE HEAD OF THE LANES AND/OR DOES A BURNOUT, you can receive a pass good for another week (Ex: if it does not pass tech or arrives broke). You will then need to use a waiver. If it breaks after doing a burnout, you may race in another class. (ex: your tow vehicle in Street) You may transfer your attendance points but not rounds.

- All cars 6.49 and quicker must have a diaper. You will have two weeks from tech to comply. Recommended for all cars - this is for YOUR safety.
- Round Robin Racing may become necessary. Round Robin Racing: after picking up ET ticket, return to staging lanes immediately. If water or gas is needed, make sure it is in the staging lanes. WE WILL RUN WITHOUT YOU if you are not in the lanes when your class runs.

ALL CLASSES WILL BE ON AUTO START. We will not give extra time to a driver that is deep staging. If you want to deep stage, please make every effort to stage first. You will be considered fully staged when the stage light is on. Special allowances for deep stagers WILL NOT be made by the starter and/or starting system.

- **AUTOSTART** The second car in has **10 seconds** to stage. Refer to the IHRA rulebook for more info (under starting system)

STAGING LANES

- During TT's, left lane = LANE 1, right lane= LANE 2. If you have a lane preference, make sure you are in the staging lanes early. You must go to the lane the staging director sends you to. If there is a single lane of cars, the first car gets lane choice and the other car takes the other lane. The number of time trials will be determined at the discretion of the Race Director, based on time restriction.
- YOU MUST STAY IN THE STAGING LANE THAT YOU ENTER. "Cherry picking" or "Duck hunting" will not be tolerated. If we suspect you of it, you will be dealt with accordingly.

Points members will be given preference for reserved spots in the "hot car pits".

Starter will correct the dial-ins. **WHEN YOU STAGE, YOU ACCEPT ALL RACE CONDITIONS, INCLUDING YOUR OPPONENT'S DIAL IN AND THE WEATHER!** Do not complain about wrong handicaps after the run. The time to address any problem is before you stage, not after the race has started.
- **PLEASE BE AWARE OF WHERE THE FINISH LINE IS** overdriving the finish line will be grounds for a warning and repeat offenders may be disqualified.
